

CAMPAIGN FOR A NEW CHILDREN'S CENTER

Dedications are sincere expressions of respect and esteem to perpetuate the honor of a family name, the good works of an individual, or the memory of a loved one. The prices identified for the various special opportunities for the new Children's Center may not reflect the exact cost of construction or operation; rather they mark the desirability as dedication opportunities. Because this listing is prepared in advance of the actual design for the new complex, we reserve the right to adjust this listing and to review changes with donors who make selections. Consider this list reflective of the major components of the new Children's Center.

ENDOWMENT OPPORTUNITIES

The Agnes Plenk Fund

In honor of the founder of The Children's Center, we dedicate the unrestricted Endowment Fund to Dr. Agnes Plenk, a woman whose vision and courage led to the creation of The Children's Center and whose tireless dedication made possible important professional assistance for thousands of children and their families who were at risk and who have become responsible, productive citizens.

Gifts of all sizes are encouraged, with a minimum of \$1,000 pledge required.

Program Opportunities

The Children's Center has developed a number of on-going programs that are the very essence of The Center's being. We encourage donors to consider funding these programs so their financial strength is irrevocable.
